

ALUR & Duo Lookbook

Lookbook

Making frameless glass
beautiful, functional and quiet.

The Modern Office

Designing Sanctuaries

Combining the simple elegance of glass with the precision of extruded aluminum.

The ALUR wall transforms what was once covered-up into what is now shown off.

ALUR walls not only illuminate your office, but are also sustainable.

Who knew form and function could look so alluring?

Strike the perfect balance between public and private spaces.

The benefits are undeniable.

Better communication, an environment of fostered collaboration, more natural light and expansive outdoor views throughout the office.

(Rating is based on door and glass types)

WE DESIGNED OUR PRODUCTS TO REDUCE NOISE DISTRACTIONS

HIGH SOUND RATINGS
High NIC and STC ratings provide superior sound control

1/2" or 3/8" - THICK GLASS
Reduces the transmission of sound from office to office

FRAME & DOOR SEALS
Frame compression seals and 4-sided door seals reduce flanking paths

Sustainable Design Is The Future

Sustainable design and thoughtful choice sourcing of materials is at the forefront of our vision and the world.

Locally Sourced & Low-Emitting Materials

All of ALUR glass is sourced directly from local suppliers to keep costs low and reduce our carbon footprint. Our clear anodized aluminum finish is a water-based process and uses no VOCs. Our PVDF coatings are resin-based and have very low VOCs.

Qualifies for LEED® Points

ALUR walls may contribute up to 17 LEED® Points in the categories of Energy and Atmosphere, Materials & Resources and Indoor Environment Quality.

Demountable & Reusable

Walls can be repositioned to suit the changing needs of modern workspace, maximizing sustainability while avoiding construction debris and minimizing waste.

ENERGY & ATMOSPHERE

Use daylight to reduce designed lighting loads and energy consumption.

SIMPLE BUILDING REUSE

Can be installed into an existing space without disturbing existing floors, wall & ceilings.

RESOURCE CONSERVATION

Waste from ALUR installations are all easily recyclable.

SHARE THE DAYLIGHT

Using ALUR glass walls to create private offices and conference rooms helps ensure daylight reaches occupants.

FORWARD LOOKING

Conscious design is at the forefront of culture and our priorities more than ever.

Dividing Walls

Dividing walls designed as the perfect companion to our glass office fronts.

ALUR Dividing Wall features easy-to-assemble frames, off-module design and integrated power, voice and data cabling for greater flexibility in adapting to changes in layout and technology.

Wall frames are capable of supporting hang-on furniture components on both sides of the wall. Wall tiles are available in thermofused and high-pressure laminate, fabric, tackable, and whiteboard as well as COM options.

Assured Satisfaction

On-Call Expert Service

We pride ourselves on our customer satisfaction. Our highly trained designers and project managers provide exceptional customer service and field support, ensuring a perfect installation every time.

Tax Benefits

Save up to 30% more than a traditional build-out.
